

What Can YOU do to Protect Rock Art?

- Photograph rock art, but never outline the pictures with chalk.
- Sketch rock art, but do not touch it or walk on the images.
- Never paint or scratch your name over or near rock art.
- Enjoy looking at rock art, but never make rubbings of it.
- Never throw or shoot things at rock art.
- Teach others about rock art and how to take care of it.
- When camping, never start campfires near rock art.
- Respect the site, just like you would at other special places.
- If you see other people destroying rock art, report it to the officials.
